

To Whom It May Concern

Recommendation Letter from Employer for Scholarship

I am pleased to write this letter of recommendation for Eugenia Polley to enable her to pursue a Master of Science at this Institution. I believe that this will help her pursue her dream of advancing her studies.

I have supervised Eugenia while she worked as a Technical Process Assistant during her seven years stay at Zeal Environmental Technologies Limited. Her hard work has earned a promotion to Process Plant Supervisor, which is her current position at Zeal. Over the years she has shown an outstanding character and performance. She is hardworking, smart, team player and always has a positive attitude towards work.

Eugenia is one of the most intelligent Supervisors in the company. She has been enthusiastic about her work and does not leave a single stone unturned when presented with a challenge. She being a woman does not discourage her from the male-dominating company she found herself in but has rather pushed her to be a good leader with great communication and problem-solving skills.

I am positive and know that Eugenia will prove to be one of your brilliant students owing to her exceptional ability to pick concepts and apply them in the real time. I recommend her for this great opportunity, as I feel she is ambitious, well-trained, and proactive.

If you need any further information about Eugenia, please do not hesitate to contact me on +233 202315750/240075529, wilfred.b.johnson@gmail.com

Yours faithfully,

Zeal Environmental Tech. Ltd.
